# THE LITERARY CLUB.

The Subject of Lynch Law is Discussed by Essayist and Members.

The Abbeville Literary Club met last Friday night at the home of Judge Cothran.

Mr. Lee was President, and Mr. W. C. McGowan, secretary, F. B. Gary, Esq., read an admirable essay on the subject of "Lynch Law," which showed research and careful

preparation.

The escayist held that lynching was never justifiable. He even deprecated the New Orleans lynching.

Judge McGowan led the discussion, and fully endorsed the sentiments of the essayist. He thought the act of lynching was a blot on the good name and order of a community.

on the good name and order of a community.

Thos. P. Cothran, Esq., held that for offenses against women, lynching was not only justifiable, but commendable.

W.C. McGowan, Esq., thought the New Orleans lynching was justifiable. He thought that the lynchers would have discharged their duty better if they had lynched the jurors. As it was, their work was only partity performed.

their duty better if they had lynched the jarors. As it was, their work was only partiply performed.

Mr. Benet concurred in the views expressed by Mr. Cothran, and said he would have no hesitation in joining a lynching party in defence of woman. He thought that the mob seldom or never engaged in a lynching. Lynchings were usually led by the council and encouragement of safe ienders.

Mr. Lee thought that, theoretically, the essay is was eminently correct, but that there was a higher law—the law of self-defence—which authorized or sanctioned lynching in certain cases. In the case of the New Orleans lynching, it was simply a question as to who should rule the city—the lawfes society of altens which plotted assassination, or the peaceful law-abiding citizens of the country. He had no doubt of the duty of the people of New Orleans.

Others participated in the discussion, but at present this scribe cannot recall their positions.

While the lessay was entirely against lynch law, the fact was developed that a majority of the club were disposed to think there were occasions when a resort might be had to Judge Lynch.

Refreshments were served. Mr. Benet was appointed next essaylist, with Waiter L. Miller, Esq., as alternate. Club adjourned.
